REPORT
OF
THE ADJUTANT GENERAL
OF THE
STATE OF NORTH CAROLINA

FOR THE PERIOD JANUARY 1, 1925—JUNE 30, 1926

*To His Excellency, THE HONORABLE ANGUS WILTON McLEAN,
Governor and Commander-in-Chief,
Raleigh, North Carolina.*

SIR:—I have the honor to submit a report of the operations of the Military Department of the State of North Carolina for the period January 1, 1925-June 30, 1926, the last report having covered the period ending December 31, 1924. The eighteen months period is covered by this report to more nearly conform to the fiscal year as established by the State.

ORGANIZATION AND STRENGTH OF THE NATIONAL GUARD

The strength of the guard on June 30, 1925 was 199 officers and 3,126 enlisted men, and on June 30, 1926, 210 officers and 3,254 enlisted men, organized into companies, batteries, troops, and these into regiments and separate battalions. A complete roster of the Guard as to organizations is made a part of this report. The following changes in organizations have been necessary:

Service Battery 117th, Field Artillery, at New Bern, disbanded and reorganized at Kinston.

Third Battalion Headquarters and Combat Train, at Bryson, City, disbanded and reorganized at Lenoir.

Battery E, 117th, Field Artillery, at Hendersonville, disbanded and reorganized at Greenville.

Medical Detachment 117th, Field Artillery, at Goldsboro, disbanded and reorganized at Wake Forest.

105th Veterinary Company, at Asheville, disbanded.

Medical Laboratory and Medical Supply Sections and Headquarters Detachment absorbed into Service Company, 105th Medical Regiment.

A Medical Department Detachment for 252d, Coast Artillery Regiment organized at Greensboro.

ARMORY INSPECTIONS

As required in the War Department regulations each unit of the Guard is inspected annually by regular army officers detailed for the purpose and by the State Inspector General. This annual inspection was made during the months of February, March and April 1925 and 1926. The inspection of 1926 showed the Guard of the State to be in very good condition. There were more units which were given a rating of "Very Satisfactory" than ever before. The rating of "Satisfactory" is the usual rating except in a case of a unit being found unsatisfactory.

In 1925, First Battalion Headquarters Battery and Combat Train, 117th Field Artillery, Medical Detachment, 120th Infantry, Troop D, Cavalry and Medical Detachment, 117th Field Artillery, were rated unsatisfactory and placed on probation.

Battery B, 117th Field Artillery, and Troop D, Cavalry, were rated unsatisfactory in 1926.

The entire Coast Artillery Regiment and several of the units of the 120th Infantry and 105th Engineers were found "Very Satisfactory" and some of those in the Field Artillery were given the same rating for the 1926 inspection.

Battery B, 117th Field Artillery, and Troop D, Cavalry, were placed on probation by the War Department, and upon a second inspection Battery B, 117th Field Artillery, was found satisfactory and Troop D unsatisfactory.

CAMP GLENN

Whereas in years past it has been necessary to expend a considerable amount of the National Guard Appropriation in the maintenance and upkeep of Camp Glenn, more recently I have secured \$5,000 of Federal Funds which was expended in repair to several buildings during 1926. We have a further authorization by the War Department of approximately \$12,000 for further repairs, and this work will be done in the near future. This property is under the care of a caretaker and an assistant. These caretakers, Mr. Cleveland G. Smith and Mr. Walter Willis, being carpenters, electricians, and with a knowledge of motors, have saved much money to the State through the fact that they do much of the work in keeping up the property during the year.

ENCAMPMENTS

Each unit of the Guard is required both by the Federal and State laws to attend a 15-day period of field training at a camp of instruction. On account of the better opportunity for training the Field Artillery, Engineers and Medical troops trained at Fort Bragg, N. C. The Cavalry went to Fort Oglethorpe, Ga., a U. S. Cavalry Post. Officers of the regular army are detailed as instructors by the War Department to these posts as well as to Camp Glenn, where the Infantry, Motor Transport Company and Signal Company go. These instructor are

under the direction of the Senior Instructor for that particular branch of the service, who is on full time duty with the State.

AID TO CIVIL AUTHORITIES

During the year 1925 six organizations were ordered on special duty, and in 1926 up to June 30, the Guard was called upon only twice.

In June 1926, Battery A, 252d Coast Artillery (the Old Wilmington Light Infantry), Company F, 120th Infantry (the Old Hornet's Nest Riflemen), and the Fayetteville Independent Light Infantry attended the Flag Day Exercises at Philadelphia, Pa. These organizations were specially invited to participate in the exercises on account of the date of organization and historical records. It is most pleasing that in both the parade in Philadelphia and in the review and ceremonies at Valley Forge the following day the military bearing, snap and general appearance of these organizations were a source of comment. The supper and entertainment given by the Commander-in-Chief at the Belvue-Stratford was thoroughly enjoyed and appreciated by the men of these organizations and has done much to stimulate interest in the Military Service.

CONCLUSION

I feel that the personnel of officers and enlisted men of our National Guard represent the best element of citizens.

It is always my desire to secure as officers, especially officers to command the companies and like units, young men who, having the military ability, stand well among the business men of their community and who feel that they will give the time necessary to the Service.

The citizens of the State appear not to have a proper conception of the organization and requirements of the Guard and in many instances do not give it their strong moral support. Counties and municipalities are authorized to make appropriations for the benefit of their local organizations, and only in a few instances the Commissioners have refused to help support the Guard. Rent of Armories usually require more money than is authorized by law, and the organization Commander must depend on these other appropriations to enable him to care for the expense of his command. The hearty coöperation of the Commander-in-Chief and his apparent interest in the National Guard has been realized by the Adjutant General and throughout the Guard.

Owing to the shortage of funds in the allotment to the National Guard for printing, it has been necessary to eliminate from this report the last two reports of Audit of the State Property and Disbursing Officer's accounts, copies of which reports are on file in the Auditor's office and this office; report of the Inspector General concerning the annual inspections; Commanding Officers' reports on Annual Encampments, and Special Reports.

J. VAN B. METTS,
The Adjutant General.

REPORTS ON SPECIAL DUTY SERVICE

HEADQUARTERS BATTERY D, 117th F. A., N. C. N. G.

NEW BERN, N. C.

March 17, 1925.

Subject: Report on Special Orders No. 81, A. G. O., N. C. N. G., March 7, 1925.
To: GENERAL J. VAN B. METTS, *The Adjutant General, Raleigh, North Carolina.*

1. Upon orders from Major Gordon Smith over telephone, which orders are confirmed by Special Orders No. 81, A. G. O., N. C. N. G., March 7, 1925, three men and one officer were placed on guard at the Craven County jail to guard one Singleton, a prisoner, who had murdered a Mr. Banks near Pine Grove, South of New Bern. Twelve other members of the Battery were at the club rooms at the Armory and were held there to be used when necessary. At the request of the sheriff three men were all he wanted at the jail until others were needed. He requested that the riot alarm for assembly of the Battery be not sounded on account of the excitement it might cause. It was, therefore, necessary to send out a detail to get other members of the Battery assembled.

2. The guard at the jail was placed on duty a few minutes after orders were received from Major Smith. It was contemplated early in the evening that there might be trouble, so several members of the Battery were notified to be on hand in case the Battery was officially called out.

3. The guard at the jail went on duty at 8:40 p.m. and remained on duty until 11:30 p.m., when the prisoner, Singleton, was hurried away to Kinston by automobile. At that hour everything was quiet at the jail but there was quite a gathering on the street corners. I suggested to the sheriff, after he stated that he did not think our services further necessary, that I withdraw the guard to the Armory, and take them down the principal streets in order that we might spread the propaganda that the prisoner was gone. About this time two other prisoners were brought in, they being the ones who had run over and killed Mr. Mayo. It appeared as if we might have to remain on guard and strengthen it. However, those two prisoners were brought to the jail so secretly that both the sheriff and myself decided that the propaganda idea was the best. So, I proceeded to withdraw the guard down the principal streets, halting often, to answer questions. It was necessary to imitate Ananias occasionally, because we wanted the public to believe that all three of the prisoners were far away on their way to Raleigh in the speeding Hudson, which many had seen taking Singleton away. The propaganda worked fine and soon the streets were normal and everything quiet.

3. The guard was dismissed at 12:15 p.m. after authorities felt safe that we would no longer be needed.

Subject: Special duty at Carthage, N. C.

To: THE ADJUTANT GENERAL OF NORTH CAROLINA.

1. Pursuant to verbal instructions of the Governor the undersigned proceeded to Carthage, N. C., in the afternoon of April 21 for the purpose of making an investigation of conditions there in connection with a reported attempt to lynch a negro.

2. Upon arrival in Carthage it was found that the person guilty of the crime had not been apprehended but there was considerable feeling among some citizens of the community. After a conference with the Sheriff of the county, Solicitor and several of the prominent citizens it was apparent that there was no need for troops and it also appeared that if the guilty party was apprehended the good people of the county could handle the matter and let the law take its course.

3. Under orders of the Governor, Captain Sprague Silver, 120th Infantry, accompanied the undersigned to Carthage and both returned in the early morning of April 22.

Battery G, 200th Art, assembled in Armory at Raeford, N. C., at about 4:00 p.m., Tuesday, April 21, 1925, per S. O. No. 130, A. G. O., N. C., forty-two men and three officers reported for duty. Two men were excused. Others secured equipment.

2. The Battery was relieved per S. O. 130½, A. G. O., N. C., 4-21-25, at 8:00 p.m.

Subject: Report of Guard Duty.

To: THE ADJUTANT GENERAL OF NORTH CAROLINA.

1. Immediately upon the receipt of your orders I reported to R. L. Huffman, Solicitor of the Sixteenth Judicial District. Solicitor Huffman, having reason to believe that the excited public sentiment of the county endangered the safety of the prisoner, Arthur Montague, a negro, who was charged with rape upon a young white girl, a dumb inmate of the State School for the

Deaf deemed it wise that a detachment of the local company be kept ready for any emergency which might arise and, at his request, I assembled, on Monday morning, the 11th instant, at 8:00 o'clock, twenty-one men, at the Armory, these men being equipped for immediate service. These men remained on duty at the Armory during the entire day. On Monday evening, at 7:00 o'clock, at the instance of the Solicitor, a guard was placed about the Burke County jail, which guard was maintained until 8:30 a.m. Tuesday, the 12th instant. When the case was submitted to the jury on Tuesday afternoon, this detachment of the guard, at the further request of the Solicitor, was placed on duty near the courthouse, where it remained until the prisoner, convicted of the capital felony charged, was started to the State's Prison at Raleigh in the custody of the civil officers. I endeavored, as far as possible, to conceal from the jury and the public the fact that the guard was ready for duty and I feel that the readiness of the guard for duty, if emergency should arise, greatly facilitated the duty of the civil authorities and expedited the business of the Court. The heavy downpour of rain during the night of the 11th instant in no wise decreased the efficiency of the guard. During the entire progress of the trial, a large multitude of people were present in the town, but fortunately, everything passed off quietly.

Subject: Report of Special Duty, August 31, 1925.

(Trial of Tom Robinson, colored, at Wilmington, N. C.)

To: THE ADJUTANT GENERAL (N. C.) *Raleigh, N. C.*

1. Pursuant to orders contained in Special Orders 276½, A. G. O., N. C., August 29, 1925, the undersigned reported to Sheriff George C. Jackson, New Hanover County, at 10:00 a.m. August 31, 1925, for a conference regarding the safeguarding of one Tom Robinson, (colored), whose trial for rape was called for that date. The Adjutant General was present.

2. The situation was well in hand, but it was decided, at this conference, that the undersigned and Lieutenant Andrew H. Harriss, Jr., would remain in the courtroom during the trial to meet any emergency.

3. Tear gas and smoke grenades, that had been obtained from Fort Bragg, N. C., were armed, and a supply given the civil authorities, in case of need.

4. Arrangements were made whereby the arms and ammunition of both armories were guarded day and night. Close contact was maintained with all officers.

5. Nothing of note occurred on the 31st of August and the 1st of September other than the usual court routine, and the necessary precautions taken to protect the prisoner, in case of a hostile demonstration. Rumors were numerous, but not substantiated by any hostile movement.

6. On September 2, the case was given to the jury about 1:00 p.m., and while a verdict of guilty was anticipated, it was thought wise, after a conference with Sheriff Jackson to call Battery A, 252d C. A. C., N. C. N. G., to arms, to be held in readiness for any possible emergency. Orders were

accordingly issued to assemble Battery A at 1:30 p.m. Regimental Sergeant Major Sloan of Headquarters Battery, 252d C. A. C., N. C. N. G., was also ordered to report to handle any matters at headquarters. The jury rendered a verdict of guilty, and everything being quiet, Battery A was dismissed at 6:00 p.m., September 2, 1925.

REPORT ON SPECIAL DUTY OF TROOP F, 109TH CAVALRY, AND COMPANY A, 105TH
ENGINEERS AT ASHEVILLE

Pursuant to Special Order No. 332, Adjutant General's Office, North Carolina,
October, 30, 1925

Upon direction of the Governor, I placed Troop F, 109th Cavalry, on duty at Asheville, to guard two negro prisoners on trial, charged with a criminal offense. Major E. F. Jones was placed in command of the situation and directed to report to the Sheriff of Buncombe County. Under personal instructions of the Governor, I proceeded to Asheville, to be in touch with conditions. During the trial and on account of the seriousness of the offense with which the prisoners were charged the strong feeling against the prisoners locally and the unusually large crowd in and around the courthouse daily during the trial, I ordered the Commanding Officer, Company B, 105th Engineers, at Morganton, to assemble two officers and twenty-four men and proceed to Asheville, for duty. Guards were placed at the jail and in and around the courthouse at all times guarding the prisoners. It was necessary that the Judge order the aisles of the courtroom kept clear and the Sheriff ordered each person entering the courtroom searched for firearms or concealed weapons. Soldiers were in constant attendance upon the prisoners, assisted the Deputy Sheriff as guards and in the searching of people, and were constantly on the lookout for any disorders.

The situation was extremely tense for some time and any mistake made on the part of the troops may have precipitated serious trouble. Major Jones and the officers of the two organizations handled the situation firmly and pleasantly and deserve commendation for their services. The men were disciplined and trained and did their duty as ordered in a soldierly manner. Their conduct at all times was excellent. After the trial of the two prisoners and when no longer needed I directed that the troops be relieved from duty. I was in personal touch with the trial Judge and the Sheriff at all times, having many conferences and planning that future serious trouble might be avoided. The military bearing, discipline and conduct of the troops of Troop F, 109th Cavalry, and Company A, 105th Engineers, were excellent.

REPORT OF U. S. PROPERTY AND DISBURSING OFFICER

STATE OF NORTH CAROLINA
OFFICE OF U. S. PROPERTY AND DISBURSING OFFICER

RALEIGH, N. C.
June 30, 1927.

Subject: Report, U. S. Property and Disbursing Officer, N. C.

To: THE ADJUTANT GENERAL OF NORTH CAROLINA.

1. Report for the calendar year 1925 and from January 1, 1926, to June 30, 1926, is hereby transmitted:

ACTIVITIES

During the period covered by this report the undersigned has performed the duties prescribed by State and Federal laws and regulations pertaining to the National Guard of the State. The main functions have been the receipting and accounting for all funds and property belonging to the United States in the possession of the National Guard of North Carolina. As contracting officer, all Federal expenditures of over \$500 are covered by contracts executed by the undersigned on behalf of the Federal Government. All transportation requests and bills of lading covering transportation of personnel and shipments of property devolve upon this office, and the undersigned is designated as Transportation Officer by the War Department.

FEDERAL PROPERTY

The value of Federal property in the hands of the State is estimated at \$3,031,828.67, and practically all of this property is in the possession of units. The various organizations are equipped with the same type of arms and equipment that is prescribed for the Regular Army and in adequate quantities. Undoubtedly the Guard is better equipped than at any time in its history, and is more ready in this respect for active field service. Deficiencies in equipment are at a minimum and the completeness of equipment has been commented upon by the various inspecting officers who visit our Camps of Instruction and Armories from time to time. During the period covered by this report, 560 requisitions, 236 reports of survey, probably 2 000 shipping tickets, and 129 I and I reports have been handled by the office. The latter report, I and I, Form No. 14, has recently been prescribed for the National Guard, and this form provides a means for disposing of unserviceable property within a short time, and with a minimum amount of paper work.

There has been improvement among the organizations in the care and protection of Federal property, and commanding officers, as a rule, realize the necessity for close supervision in this respect. The office of the United States Property and Disbursing Officer assists and coöperates with organization commanders in preparing reports of survey to cover losses of property, but in cases of carelessness the Militia Bureau will give relief only through collection of the money value of the articles involved from responsible officers. Organization commanders are constantly reminded of the importance of caring for Federal property and this is a duty that devolves directly upon them and cannot be delegated to any one else.

FUNDS

A statement is attached hereto showing receipts and disbursements for the year and one-half—January 1, 1925, to June 30, 1926. The undersigned, or his assistant, visits all fifteen-day camps for the purpose of paying the commissioned and enlisted personnel and other obligations of the Federal Government. Pay, transportation, subsistence, forage and incidental expenses of our summer camps are paid by the United States.

For the information of all concerned, approximate amounts of Federal funds allotted the State for the fiscal year 1927 are given below, omitting some of the smaller projects:

Forage for animals.....	\$ 16,125.00
Caretakers and mechanics.....	52,000.00
Camps	195,000.00
Transportation, Instructors.....	6,300.00
Expenses, Sergeant Instructors.....	9,000.00
Armory drill pay.....	198,812.00
Replacement articles of the uniform.....	22,736.00
Miscellaneous repairs	6,400.00
Ordnance repairs and supplies.....	14,519.00
Initial equipment	12,500.00
Repairs Camp Glenn.....	15,000.00
	<hr/>
	\$548,392.00

TARGET RANGES

Target ranges have been leased by the Government at Morganton, Charlotte, North Wilkesboro and Hickory. In each case the annual rental is paid from Federal funds and a liberal amount was allowed for necessary constructions. It is thought that organizations armed with rifles would derive much benefit from local ranges, and that they should be encouraged and urged to secure such ranges. Detailed instructions in connection with leasing ranges and their maintenance are covered in Militia Bureau Circular No. 5, 1926.

CARETAKERS AND MECHANICS

Attention is invited to the fact that caretakers and mechanics are furnished certain mounted and motorized organizations involving a total annual expenditure of about \$52,000. These men are supposed to perform eight hours work per day and to be trained in their respective duties. In some cases these employees do not perform the required amount of work and are not capable of performing the specific work for which employed. It is recommended that officers exercising authority over these men be urged to see that regulations above referred to are complied with.

INSTRUCTORS

This office acknowledges the valuable assistance that has been given by the various Instructors and Sergeant-Instructors on duty with the State. The Instructors have acted upon all reports of survey, I and I, and other reports referred to them with promptness and understanding. Their coöperation in every respect has been helpful.

GENERAL REMARKS

The main purpose of this office is to administer property and finance matters for the best interest of the Guard of the State. Coöperation from organization commanders and other officers of the Guard has been highly satisfactory and in dealing with them consideration has been given to the fact that they are engaged in various Civilian pursuits. However, in a few cases official reports and correspondence are not given the attention that is necessary. Certain reports are required by various W. D. agencies of this office, and before they can be rendered, certain information must be obtained from organizations commanders. It may be said that official matters are being attended to more promptly and in a more satisfactory manner than has been the case in the past.

I desire to commend First Lieutenant Charles Barden, Q. M. C., my assistant, and to express appreciation to him for valuable assistance. He is efficient, loyal and possesses a thorough knowledge of his work.

The assistance of Mr. J. F. Mitchell, A. G. D., is also appreciated.

The files of retained enlistment and physical examination papers of enlisted men for the entire personnel at the time of the inspection must be conveniently arranged in case information of this nature is desired. Particular attention is invited to papers and records pertaining to an organization of the National Guard, which should be kept up to date at all times.

7. Time of arrival of Inspecting Officers will be transmitted to organization commanders as soon as practicable. Upon their arrival, organization commanders will report in person to them for instruction.

ARTICLE 1

CLASSIFICATION OF MILITIA

6791. *Composition of the Militia.*—The militia of the State shall consist of all able-bodied male citizens of the United States and all other able-bodied males who have or shall have declared their intention to become citizens of the United States, who shall be more than eighteen years of age and, except as hereinafter provided, not more than forty-five years of age, and said militia shall be divided into three classes: the National Guard, the Naval Militia, and the unorganized militia.

6792. *Composition of the National Guard.*—The National Guard shall consist of the regularly enlisted militia between the ages of eighteen and forty-five years, organized, armed, and equipped as hereinafter provided, and of commissioned officers between the ages of twenty-one and sixty-four years.

6793. *Composition of the Naval Militia.*—The Naval Militia shall consist of the regularly enlisted militia between the ages of eighteen and forty-five years, organized, armed, and equipped as hereinafter provided, and commissioned officers between the ages of twenty-one and sixty-two years (naval branch), and twenty-one and sixty-four years (marine corps branch); but enlisted men may continue in the service after the age of forty-five years and until the age of sixty-two years (naval branch) or sixty-four years (marine corps branch), provided the service is continuous.

6797. *Maintenance of Other Troops.*—In time of peace the State shall maintain only such troops as may be authorized by the President of the United States; but nothing contained in this act shall be construed as limiting the rights of the State in the use of the National Guard within its borders in time of peace; nothing contained in this act shall prevent the organization and maintenance of State police or constabulary.

6798. *Corps Entitled to Retain Privileges.*—Any corps of artillery, cavalry, or infantry existing in the State on the passage of the Act of Congress of May eighth, one thousand seven hundred and ninety-two, which by the laws, customs, or usages of the State has been in continuous existence since the passage of such act, under its provisions, and under the provisions of section two hundred and thirty-two and sections one thousand six hundred and twenty-five to one thousand six hundred and sixty, both inclusive, of title sixteen of the Revised Statutes of one thousand eight hundred and seventy-three and the Act of Congress of January twenty-first, one thousand nine hundred and three, relating to the militia, shall be allowed to retain its ancient privileges, subject, nevertheless, to all duties required by law of the militia; but such organizations may be a part of the National Guard and entitled to all the privileges of this chapter, and shall conform in all respects to the organization, discipline, and training of the National Guard in time of war. For purposes of training and when on active duty in the service of the United States they may be assigned to higher units, as the President may direct, and shall be subject to the orders of officers under whom they shall be serving.

ARTICLE 2

GENERAL ADMINISTRATIVE OFFICERS

6799. *Governor as Commander-in-Chief.*—The Governor shall be Commander-in-Chief, and shall have power to call out the militia to execute the law, suppress riots or insurrections, and to repel invasions.

6800. *Commander-in-Chief to Prescribe Regulations.*—The Commander-in-Chief shall have the power, and it shall be his duty, from time to time to issue such orders and to prescribe such regulations relating to the organization of the National Guard and Naval Militia as will cause the same at all times to conform to the Federal requirements of the United States Government relating thereto.

6801. *Staff, How Divided.*—The military staff shall be divided into two kinds: the personal staff of the Governor and the administrative staff. The Governor may detail from the active list not more than ten National Guard officers and two Naval Militia officers, who shall in addition to their regular duties perform the duties of aides-de-camp on the personal staff of the Governor. There shall be an administrative staff which shall be as is now or may from time to time be authorized by the Secretary of War for the National Guard and the Secretary of the Navy for the Naval Militia.

6802. *Adjutant General.*—The Governor shall appoint an Adjutant General, who shall have had not less than five years commissioned service in the National Guard, Naval Militia, Regular Army, United States Navy, or Marine Corps, who, while holding such office, may be a member of the active National Guard or Naval Militia. (As amended by Act of Legislature, ratified February 24, 1925.)

6803. *Adjutant General's Department.*—There shall be an Adjutant General's Department. The Adjutant General shall be the head of said department and as such subordinate only to the Governor in matters pertaining thereto. He shall make such returns and reports to the Secretary of War and Secretary of the Navy, or to such officers as the Secretary of War and Secretary of the Navy may designate, at such times and in such form as may from time to time be prescribed. He shall keep a record of all officers and enlisted men, and shall also keep in his office all records and papers required by law or regulations to be filed therein. He shall make an annual report to the Governor on or before the thirty-first day of December of each year, including a detailed statement of all expenditures made for military purposes during that year. He shall also make a biennial report to the General Assembly. He shall cause the military laws, the regulations governing the National Guard and Naval Militia, and the articles of war and articles for the government of the Navy to be printed, indexed, and bound in proper and compact form and distributed to the commissioned officers of the State at the rate of one copy for each officer. He shall cause to be prepared and issued all books, blank forms, etc., required to carry into full effect the provisions of this statute. All such books and blank forms shall be and remain the property of the State. The Adjutant General shall perform such other duties not herein specified as may be required by the military laws and regulations or by the Governor. The Adjutant General shall be allowed all such necessary expenses as may be incurred for printing, postage, stationery, blank books, orders and reports required in his office, the same to constitute a charge against the general fund. The Adjutant General may have an assistant, who shall be detailed from the Adjutant General's Department of the administrative staff, and such clerks and employees as may be prescribed by the Gover-

nor. An officer detailed as such assistant shall receive during the period of such service such compensation as may be authorized by the Governor. The pay of such officer shall constitute a charge against the whole sum appropriated annually for the support of the National Guard.

6804. *Property and Disbursing Officer for the United States.*—The Governor of the State shall appoint, designate, or detail, subject to the approval of the Secretary of War, an officer of the National Guard of the State who shall be regarded as property and disbursing officer for the United States. In consideration of his services, for the care, responsibility, and issue of Federal property, the property and disbursing officer for the United States shall receive from the State such salary as the Governor may authorize to be just and proper; the salary to constitute a charge upon the military fund of the State; but such salary shall in no case exceed the sum of one thousand dollars. When ordered into actual service and receiving the pay of his rank for such service from either State or Federal funds, he shall not be entitled to or receive any salary from the State for the period of time for which he shall receive the pay of his rank.

6805. *Property and Disbursing Officer for North Carolina.*—The Governor shall appoint, designate, or detail an officer, active or retired, of the National Guard or Naval Militia, who shall be the property and disbursing officer for the State. He shall receipt for and account for all funds and all property belonging to the State for military purposes, and shall make such returns and reports concerning the same as may be required by the Governor. The State Treasurer is authorized, on the requisition of the Governor, to pay to the property and disbursing officer so much of the annual appropriation for the National Guard as shall, in the judgment of the Governor, be necessary for the purposes enumerated herein. The disbursing officer shall render, through the Adjutant General, such accounts of State funds entrusted to him for disbursement as may be required by the State Treasurer. Before entering upon the performance of his duties as property and disbursing officer, he shall be required to give a good and sufficient bond to the State, the amount thereof to be determined by the Governor, for the faithful performance of his duties and for the safe keeping and proper disposition of the State property and funds entrusted to his care. He shall, after having qualified as property and disbursing officer, receive pay for his services at the rate of one thousand dollars (\$1,000) per annum, and such compensation shall be a charge against the whole sum annually appropriated for the support of the National Guard. All payments made by the property and disbursing officer for the State must first have the approval of the Adjutant General, and be made upon such forms and under such rules as may be prescribed by the proper authority. All necessary blank forms, books, stationery, etc., for the use of the property and disbursing officer shall be furnished by the Adjutant General's Department.

6806. *Inspector General.*—The Inspector General shall annually inspect all organizations and departments in the militia at such times and places as the Governor may order, and inspect and audit the accounts of all officers accountable or responsible for public funds; he will inquire as to the necessity, economy, and propriety of all disbursements, their strict conformity to the law appropriating the money, and whether the property and disbursing officer complies with the law in keeping his accounts and making his deposits. He shall make an annual report to the Governor of such audits and inspections, a copy of them to be furnished the Advisory Board.

6807. *Advisory Board.*—There shall be an Advisory Board, composed of the brigade commander, the commanding officer of each regiment of infantry, the commanding officer of the Naval Militia, the commanding officer of the coast artillery corps, the chief surgeon, the senior officer of engineers, and senior officer of cavalry, and senior officer of field artillery, which shall meet once each year in Raleigh at such time as ordered by the Governor, and at such other times and places as may be ordered by the Governor. This board shall make such recommendations to the Governor as it may deem for the best interests of the militia. The Adjutant General, the property and disbursing officers, and the Inspector General shall furnish such information as may be requested by the board.

ARTICLE 3

NATIONAL GUARD

6808. *Organization of National Guard Units.*—Except as otherwise specifically provided by the laws of the United States, the organization of the National Guard, including the composition of all units thereof, shall be the same as that which is or may hereafter be prescribed for the Regular Army, subject in time of peace to such general exceptions as may be authorized by the Secretary of War.

6809. *Location of Units.*—The Governor shall determine and fix the location of the units and headquarters of the National Guard within the State; but no organization of the National Guard, members of which shall be entitled to and shall have received compensation under the provisions of the Act of Congress approved June third, one thousand nine hundred and sixteen, as amended, shall be disbanded without the consent of the President, nor without such consent shall the commissioned or enlisted strength of any such organization be reduced below the minimum that is now or shall be hereafter prescribed therefor by the President.

6810. *Reserve Battalions for Recruit Training.*—Under such rules and regulations as may be prescribed by the President, reserve battalions for infantry, cavalry, field artillery, and coast artillery may be organized by the Commander-in-Chief when organizations of the National Guard have been called into the service of the United States in time of war. The organization of such reserve battalions shall be effected in the manner prescribed in section seventy-nine of the Act of Congress approved June third, one thousand nine hundred and sixteen, or subsequent Federal enactments.

6811. *Officers Appointed and Commissioned.*—All officers of the National Guard shall be appointed and commissioned by the Governor as follows, viz.:

1. The appointment and promotion of all officers below the grade of brigadier general shall be by seniority as far as practicable within the organization or department; but if the total commissioned service of the senior officer is less than the total commissioned service of the next ranking officer, the names of both officers shall be forwarded to the War Department, and promotion shall be based upon the result of the prescribed examination.

2. Original appointments of second lieutenants in the line or staff shall be made from the enlisted men when practicable within the organization. Candidates for such appointment shall make written application, accompanied by their military record, to the commanding officer through intermediate commanders for comment by endorsements. The commanding officers shall forward the application of the three best qualified and most promising candidates, with his endorsement, to the Adjutant General's office for consideration by the Governor.

6812. *Commissions for Commandants and Student Officers at Educational Institutions.*—The Governor of the State is authorized to issue to the commandants or directors of military training at the University of North Carolina, Agricultural and Engineering College, North Carolina School for the Deaf at Morganton, and other colleges and schools of the State giving a military course, commissions with rank not to exceed major in the North Carolina Reserve Militia, and to issue to the student officers of the institutions herein named commissions with the rank not to exceed captain in the North Carolina Reserve Militia. The persons to whom commissions are issued under this section shall be known as cadet officers, and they shall have no connection with the National Guard or other military forces of the State, nor shall they, or any of them, exercise any military authority other than in the discharge of their duties in their respective institutions.

6813. *Appointment of Staff Officers.*—No person shall be appointed a staff officer, including officers of the pay, inspection, subsistence, and medical departments, unless he shall have had previous military experience, nor who shall fail to qualify as to fitness for military service under such regulations as the Secretary of War shall prescribe; such officers shall hold their positions until they have reached the age of sixty-four years, unless separated from the service prior to that time by reason of resignation, disability, or for cause to be determined by a court-martial legally convened for the purpose. Vacancies among such officers shall be filled by appointment from the officers of the militia.

6814. *Qualifications of National Guard Officers.*—Persons hereinafter commissioned as officers of the National Guard shall not be recognized as such under any of the provisions of this chapter unless they shall have been selected from the following classes and shall have taken and subscribed to the oath of office prescribed in this article for officers: Officers or enlisted men of the National Guard, officers active or retired, reserve officers, and formal officers of the United States Army, Navy, or Marine Corps, enlisted men and former enlisted men of the Army, Navy, or Marine Corps, who have received an honorable discharge therefrom; graduates of the military and naval academies, and graduates of schools, colleges, universities, and officers' training camps where they have received military instruction under the supervision of an officer of the Regular Army who certified their fitness for appointment as commissioned officers, and, for the technical branches and staff corps or departments, such other civilian as may be especially qualified for duty therein.

6815. *Test as to Fitness for Officers.*—No person shall hereafter be appointed an officer of the National Guard unless he first shall have successfully passed such tests as to his physical, moral, and professional fitness as the President shall prescribe. The examination to determine such qualifications for commission shall be conducted by a board of three commissioned officers appointed by the Secretary of War from the Regular Army or the National Guard, or both.

6816. *Rank According to Date of Commission.*—(a) Commissioned officers shall take rank according to the date of their commissions. The date of an officer's commission shall be the date of his recognition by the Federal Government. In case an officer who has previously served is recommissioned in the same grade or a lower grade, his commission shall be given a date as follows: Determine the total length of his former service Federally recognized in National Guard or in Army, Navy, or Marine Corps of the United States in the same or higher grades. Count back from the date of his new Federal

recognition by a period equal to the officer's former service, computed as in the preceding sentence, and the resulting date will be the date of the officer's commission.

(b) In case the commissions of two or more officers bear the same date, seniority will be determined by the seniority which existed in the next lower commissioned grade. If officers have not served in such lower grade, the Commander-in-Chief shall determine the order of seniority.

(c) The provisions of paragraph (a) above shall not be held to deprive the Commander-in-Chief of his power to make appointments of officers under the law.

6817. *Oath of National Guard Officers.*—Commissioned officers of the National Guard shall take and subscribe to the following oath of office: "I,, do solemnly swear that I will support and defend the Constitution of the United States and the Constitution of the State of North Carolina against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I will obey the orders of the President of the United States and of the Governor of the State of North Carolina; that I make this obligation freely, without any mental reservation or purpose of evasion, and that I will well and faithfully discharge the duties of the office of..... in the National Guard of the United States and of the State of North Carolina, upon which I am about to enter; so help me, God."

6818. *Elimination and Disposition of Officers.*—At any time the moral character, capacity, and general fitness for the service of any National Guard officer may be determined by an efficiency board of three commissioned officers senior in rank to the officer whose fitness for service shall be under investigation, and if the findings of such board be unfavorable to such officer and be approved by the official authorized to appoint such officer, he shall be discharged. Commissions of officers of the National Guard may be vacated upon resignation, absence without leave for three months, upon the recommendation of an efficiency board, or pursuant to sentence of a court-martial. Officers of said guard rendered surplus by the disbandment of their organization shall be placed in the National Guard Reserve. Officers may, upon their own application, be placed in the said reserve.

6819. *Retirement of Officers.*—When an officer reaches the age of sixty-four years he shall be retired.

6820. *Enlistments in National Guard.*—Original enlistments in the National Guard shall be for a period of three years, and subsequent enlistments for periods of one year each, or for such periods as may be prescribed by the Secretary of War: Provided, that persons who have served in the Army for not less than six months, and have been honorably discharged therefrom, may, within two years after June fourth, one thousand nine hundred and twenty, enlist in the National Guard for one year and reënlist for like period: Provided, that qualifications for enlistment shall be the same as those prescribed for admission to the Regular Army.

6821. *Enlistment Contract.*—Enlisted men shall not be recognized as members of the National Guard until they shall have signed an enlistment contract and taken and subscribed to the following oath of enlistment: "I do hereby acknowledge to have voluntarily enlisted this.....day of, 19....., as a soldier in the National Guard of the United States and of the State of North Carolina, for the period of three (or one) years in service, under the conditions prescribed by law, unless sooner dis-

charged by proper authority. And I do solemnly swear that I will bear true faith and allegiance to the United States of America, and to the State of North Carolina, and that I will serve them honestly and faithfully against all their enemies whomsoever, and that I will obey the orders of the President of the United States, and of the Governor of the State of North Carolina, and of the officers appointed over me according to law, and the rules and articles of war."

6822. *Discharge of Enlisted Men.*—An enlisted man discharged from service in the National Guard shall receive a discharge in writing in such form and with such classification as is or shall be prescribed for the Regular Army, and in time of peace discharges may be given prior to the expiration of terms of enlistment under such regulations as may be prescribed by proper authority.

6822a. *Membership Continued in the National Guard.*—When drafted into Federal service and discharged from the Army, members shall resume their membership in the National Guard, and shall continue to serve in the National Guard until the dates upon which their enlistments, entered into prior to their draft, would have expired if uninterrupted.

6823. *Discipline of the National Guard.*—The discipline of the National Guard shall conform to the system which is now or may hereafter be prescribed for the Regular Army, and the training shall be carried out so as to conform to the provisions of an Act of Congress approved June third, one thousand nine hundred and sixteen, and subsequent Federal enactments.

6824. *Uniform and Equipment of the National Guard.*—The National Guard shall, as far as practicable, be uniformed, armed, and equipped with the same type of uniforms, arms, and equipment as is or shall be provided for the Regular Army.

6825. *Courts-martial for National Guard.*—Courts-martial for organizations of the National Guard not in the service of the United States shall be of three kinds, namely, general courts-martial, special courts-martial, and summary courts-martial. They shall be constituted like and have cognizance of the same subjects and possess like powers, except as to punishments, as similar courts provided for by the law and regulations governing the Army of the United States, and the proceedings of courts-martial of the National Guard shall follow the forms and modes of procedure prescribed for said similar courts.

6826. *General Courts-Martial.*—General courts-martial of the National Guard not in the service of the United States may be convened by orders of the President, or of the Governor of the State, and such courts shall have the power to impose fines not exceeding two hundred dollars; sentence to forfeiture of pay and allowances; to a reprimand; to dismissal or dishonorable discharge from the service; to reduction of noncommissioned officers to the ranks; or any two or more of such punishments may be combined in the sentences imposed by such courts.

6827. *Special Courts-Martial.*—In the National Guard, not in the service of the United States, the commanding officer of each garrison, fort, post, camp, or other place, brigade, regiment, detached battalion, or other detached command, may appoint special courts-martial for his command; but such special courts-martial may in any case be appointed by superior authority when by the latter deemed desirable. Special courts-martial shall have power to try any person subject to military law, except a commissioned officer, for any

crime or offense made punishable by the military laws of the United States; and such special courts-martial shall have the same powers of punishment as the general courts-martial, except that fines imposed by such courts shall not exceed one hundred dollars.

6828. *Summary Courts-Martial.*—In the National Guard, not in the service of the United States, the commanding officer of each garrison, fort, post, or other place, regiment, or corps, detached battalion, company, or other detachment of the National Guard, may appoint for such place or command a summary court, to consist of one officer who shall have power to administer oaths, and try the enlisted men of such place or command for breaches of discipline and violations of laws governing such organizations; and said court, when satisfied of the guilt of such soldier, may impose fines not exceeding twenty-five dollars for any single offense; may sentence noncommissioned officers to reduction to the ranks; may sentence to forfeiture of pay and allowances. The proceedings of such court shall be informal, and the minutes thereof shall be the same as prescribed for summary courts of the Army of the United States.

6829. *Powers of Courts-Martial.*—All courts-martial of the National Guard, not in the service of the United States, including summary courts, shall have power to sentence to confinement in lieu of fines authorized to be imposed, and shall have power to direct that upon the nonpayment of a fine the person convicted shall be confined in any county jail, but such sentences of confinement shall not exceed one day for each dollar of fine authorized.

6830. *Procedure of Courts-Martial.*—In the National Guard, not in the service of the United States, presidents of courts-martial and summary court officers shall have power to issue warrants to arrest accused persons and to bring them before the court for trial whenever such persons shall have disobeyed an order in writing from the convening authority to appear before such court, a copy of the charge or charges having been delivered to the accused with such order, and to issue commitments in carrying out sentences of confinement, and to issue subpoenas and subpoenas duces tecum, and to enforce by attachment attendance of witnesses and the production of books and papers, and to sentence for a refusal to be sworn or to answer as provided in actions before civil courts. He shall also have power to punish for contempt occurring in the presence of the court.

6831. *Manual of Courts-Martial Governs Trial.*—Trials and proceedings by all courts and boards shall be in accordance with the plan and procedure laid down in the Manual of Courts-Martial, Courts of Inquiry, and Retiring Boards, and other procedures under military law, as may from time to time be prescribed by the Secretary of War.

6832. *Sentences, Where Executed.*—All sentences to confinement imposed by any military court of this State shall be executed in such prisons as the court may designate.

6833. *How Executed.*—All processes and sentences of any of the military courts of this State shall be executed by any sheriff, deputy sheriff, constable, or police officer into whose hands the same may be placed for service or execution, and such officer shall make return thereof to the officer issuing or imposing the same. Such service or execution of process or sentence shall be made by such officer without tender or advancement of fee therefor, but all costs in such cases shall be paid from funds appropriated for military purposes. The actual necessary expenses of conveying a prisoner from one

county in the State to another, when the same is authorized and directed by the Adjutant General of the State, shall be paid from the military fund of the State upon a warrant approved by the Adjutant General.

6834. *Commitments.*—That when any sentence to fine or imprisonment shall be imposed by any military court of this State, it shall be the duty of the president of said court, or summary court officer, upon the approval of the findings and sentence of such court, to make out and sign a certificate entitling the case, giving the name of the accused, the date and place of trial, the date of approval of sentence, the amount of fine, or manner, place, and duration of confinement, and deliver such certificate to the sheriff, or deputy sheriff, constable, or police officer of the county wherein the sentence is to be executed; and it shall thereupon be the duty of such officer to carry said sentence into execution in the manner prescribed by law for the collection of fines or commitments to service of terms of imprisonment in criminal cases determined in the courts of this State.
